

CO30XE

For Indoor/Outdoor Use

The CO30XE is the ideal choice to keep indoor rooms and outdoor environments comfortably cool and breezy. This weather-resistant evaporative cooler is made to resist outdoor conditions, great for spot cooling in your backyard, garden and garage. Honeywell Evaporative Coolers do not require power hungry components like compressors. The CO30XE consumes only 288 watts* of power. The low power consumption translates into significant savings on energy bills compared to using air conditioners.

LED Control Panel & Remote Control

* All specifications mentioned are under test conditions, actual performance depends on ambient conditions. Specifications may vary in different countries and subject to change without prior notice.
 ** Water Capacity is the total volume of water that can be contained within the air cooler water tank and water distribution system.

Product Dimensions (in)	18.0 (W) 13.8 (D) 33.7 (H)
Net Weight	24.9 lbs / 11.3 kg
UPC Barcode	848987000855
EAN Barcode	4895007930957
Container Qty 40' HQ	405 pcs

FEATURES & BENEFITS

Weather-Resistant For Outdoor Use

Low Power Consumption
288 Watts*

Water Capacity
7.9 Gallons (30 Liters)**

3 Speeds:
High / Medium / Low

Low Water Alarm

Ice Compartment For Faster Cooling

Cools up to
320 Sq.ft (30 Sq. m)*

Powerful air flow
525 CFM (900 m³/hr)*

Honeycomb Cooling Media

Detachable Water Tank
