

# QUICK START GUIDE

1. Plug the power cable into a wall power outlet.
2. Select temperature option (Warm/Cool).
3. Turn the power switch to On.
4. Insert hands under the open space to engage the dryer.
5. The removal of hands will deactivate the dryer.

# INSTALLATION

## Table-top

- Place the unit on a level, flat surface and plug into a wall outlet.

## Wall-mount

1. Select the ideal mounting location based on power source and height of users.
2. Drill two level holes 100mm (3.94 in.) apart with the expansion screws (1 in. screws included)
3. Remove main unit from base by rotating the unit clockwise.
4. Select temperature option (Warm/Cool) and turn the power switch to the On position.
5. Store removed base in safe place for the option of future use.

# MAINTENANCE

**WARNING:** Before cleaning, turn the power switch off and disconnect the power cord from the wall.

- Clean the housing with a soft cloth.
- Do not use abrasive cleaning materials, as it may scratch the unit.
- Use of alcohol-based cleaning products should be avoided.
- Do not spray cleaning liquids or water directly into the hand dryer.

# TROUBLESHOOTING

In case of problems, first turn off the hand dryer and disconnect from the source of electricity.

Symptom	Solutions
Hand Dryer is not warm	<ul style="list-style-type: none"><li>• Temperature option might be set to Cool. Turn the temperature switch to Warm (see page 4).</li><li>• Could be a defective heating element. Call customer service for a replacement heating element.</li></ul>
Hand Dryer does not start	<ul style="list-style-type: none"><li>• There might be no power to the unit. Check that the machine is plugged in and set to the On position (see page 4).</li><li>• Could be a defective sensor or motor. Call customer service for a replacement sensor and/or replacement motor.</li></ul>
Hand Dryer does not stop	<ul style="list-style-type: none"><li>• The sensor might be dirty. Clean the sensor with a soft cloth (see page 6).</li><li>• There might be a reflection under the sensor. Remove or block the reflection that is causing the sensor to activate.</li></ul>

IP Rating	IPX1
Motor Rate/Type	20,000 RPM Brush Motor
Sound Level	70 dB
Certification	cTUVus
Unit Dimensions (W x D x H)	5.06" W x 8.63" D x 13.86" H
Unit Weight	3.53 lbs.

# ONE YEAR LIMITED WARRANTY

**Royal Sovereign International, Inc.** warrants this product to be free from defects in material and workmanship for a period of one (1) year. This warranty is extended to the original purchaser only.

This warranty only covers products that are properly installed, properly maintained, and properly operated in accordance with the instructions provided. This limited warranty does not cover any failures or operating difficulties due to normal wear and tear, accident, abuse, misuse, alteration, misapplication, improper installation, or improper maintenance and service by you or any third party.

To request a return, please contact +1) 855-687-2223 or [supportusa@honeywellhanddryers.com](mailto:supportusa@honeywellhanddryers.com). All transportation costs for the return of damaged product or parts will be the responsibility of the purchaser. Return defective product, in original packaging, to the address below.

**Royal Sovereign International, Inc.** requires reasonable proof of your date of purchase from an authorized retailer or distributor. Therefore, you should keep your receipt, invoice, or canceled check from the original purchase. The limited warranty shall be limited to the repair or replacement of parts which prove defective under normal use and service within the warranty period.

**Royal Sovereign International, Inc.** (and its affiliated companies) SHALL HAVE NO LIABILITY WHATSOEVER TO PURCHASER OR ANY THIRD PARTY FOR ANY SPECIAL, INDIRECT, PUNITIVE, INCIDENTAL, OR CONSEQUENTIAL DAMAGES. Some states do not allow the exclusion or limitation of incidental or consequential damages so the above exclusion and limitations may not apply to you.
